

GOOD ROADS BOOSTER TRIP TO MONTE NE

Many of the Members of the Monnett Automobile Club Will Make the Trip

A good roads booster trip to Monte Ne is being arranged for Sunday, June 4. The Automobile Club of Monnett is arranging to make the trip and if the conditions are favorable a large number of cars will leave here at an early hour.

Dr. Woods has just received a letter from Seligman, which we publish below.

Seligman, Mo., May 26, 1916.

Dear Sir:—

The date for the good roads booster trip to Monte Ne has been set for Sunday, June 4, 1916. The Rogers Commercial club is going to meet us this side of Rogers with the band and escort us to Monte Ne. There will be about thirty cars from Cassville and Seligman. You get all you can to come from Monnett and meet us here by 9 o'clock if possible, as it is quite a drive from here to Monte Ne and where there are that many cars it will be well to get started early.

Please let me know about how many you think will go from your town.

Yours very truly,
JNO. ZINN.

DOUBLE SIX CLUB

Mrs. Harry Carrithers and Mrs. Roy Brown entertained the Double Six club, Friday evening, at the home of Mrs. Brown.

The decorations, place cards and lunch carried out the pink and white color scheme which was very dainty and pretty. The game of Rook was the evening's entertainment.

Those present were Mr. and Mrs. G. W. Powers, Mr. and Mrs. Loren Withers, Mr. and Mrs. Perry Short, Mr. and Mrs. R. C. Farrow, Mr. and Mrs. O. R. White, Mr. and Mrs. E. P. Bridwell, Miss Alice Parsons, Dr. Ida Johnson, Mr. and Mrs. F. E. Shaffer, Mr. and Mrs. Leon Wainwright, C. V. Huffman, Harry Fleming, Mr. and Mrs. Roy Brown and Mr. and Mrs. Harry Carrithers.

THE RED BIRD LABEL

SELLS THE BERRIES

The Ozark Fruit Growers Association has this year adopted a very attractive label to be pasted on the crates of the fruits by the Association. That the label is attracting attention and will sell the fruit is evidenced by the following letter from a grocer at Brainer, Mo.

"Ozark Fruit Growers' Association:—

Just received three crates berries bearing your labels that are simply fine, the nicest I ever handled. Could I buy them direct and how would the express compare with prices in Kansas City. These cost me \$2.50 and express is 40 cents per hundred.

What other fruits will you have later on.

"P. W. HERRINGTON."

ONE HUNDRED CARS

OF BERRIES SHIPPED

Nearly a hundred car loads of berries had been shipped out of Newton county up to and including Wednesday night, according to the report of the managers of the different associations in the county. Of this number 55 cars have been shipped by the three associations in Neosho.—Miner and Mechanic.

The Weekly Times and the Weekly Kansas City Star, both one year for only \$1.00 cash in advance. If you want the Star be sure and ask for it when you subscribe.

MRS. J. B. BROWNING DEAD

Mrs. Susan M. Browning, wife of J. B. Browning, for many years a resident of Buck Prairie township, died Sunday, May 21st, at the age of 71 years, 3 months and 10 days, at her home south of town, following a long siege of illness.

Mrs. Browning was a native of Missouri, was possessed of an estimable character and her demise is deeply mourned by the community. The remains were taken to Verona Tuesday and interred in Spring River cemetery.—Marionville Free Press.

SMALL TORNADO DAMAGES

PITTSBURG, KAS., \$20,000 Kansas City, Mo., May 29.—Pittsburg, Kan., was struck by a small tornado shortly after 7 o'clock Saturday morning. Several residences were blown down, the roundhouse of the Kansas City Southern Railway was damaged and many small buildings were demolished. The loss is estimated at \$20,000. No one was injured.

GETTING OUT CRUSHED STONE

Meek & Co., of Springfield, who have the contract to pave Fourth street, have leased the special road district crusher and are busily at work crushing stone in the Meador quarry. They have the contract for furnishing the stone for Frisco avenue.

M. U. DEBATORS WIN AND LOSE

Teams Won from Wisconsin and Colorado; Lost to Kansas and Texas.

Two victories and two defeats are credited to the University of Missouri debating teams this year. The universities of Wisconsin and Colorado were defeated, and the Missourians lost to debaters from Kansas and Texas. In arguing the argument question the Missouri team won from Colorado. The short ballot was the subject of the Wisconsin debate.

Next year Colorado will be replaced by Oklahoma on the debating schedule and Texas, Oklahoma and Missouri will stage a triangle debate. The Wisconsin, Texas and Kansas teams will debate at Columbia next year.

FORMER PEIRCE CITY GIRL TO WED IN CHICAGO

Peirce City people will be interested to learn of the announcement of the approaching marriage of Miss Bernice Johnson to Orville Wetmore, both of Chicago, which was made at a party given in Hyde Park hotel in that city May 2. Miss Johnson is the only daughter of Mr. and Mrs. J. William Johnson, formerly of this city. She is a granddaughter of Mr. and Mrs. J. J. Hafley and has made frequent visits to this city since her removal to Chicago. The wedding will take place June 10 at St. John's Episcopal church in Chicago. Mr. Wetmore is a son of Frank O. Wetmore, president of the First National bank of Chicago.—Southwest Journal.

ENGINEER T. E. BURGESS HAS THREE RIBS BROKEN

T. E. Burgess, an engineer for the Frisco, residing at 991 East Pacific street, had three ribs fractured yesterday morning when a compressed air connection he was tightening on his engine broke and caused him to be thrown to the ground with great force. The accident occurred about 10 o'clock at the Frisco north side round house.

Mr. Burgess was going over his engine preparatory to starting on his regular run to Monnett. He was standing on a running board on the side of the engine when the air pipe on which he was working broke at a connecting point. The sudden escape of the air under high pressure hurled him to the ground.

When the accident occurred, a daughter, Mrs. Roy Crews, was just preparing to return to her home at the Marquette hotel after recovering from the shock of the automobile accident last Saturday afternoon, in which her 22-months-old son was killed and she was severely injured.—Springfield Republican.

COUNCIL PROCEEDINGS

At the meeting of the city council Thursday an ordinance was passed calling for bids to oil Central avenue from Cleveland avenue to Front street.

The office of jailer was created, whose duty it will be to take charge of prisoners, furnish them with meals and keep a full and correct record of arrests and disposition made by the officers. This office will be combined with that of chief of the fire department.

It was decided between the property owners on Frisco avenue and the council to proceed to macadamize that thoroughfare according to contract, then afterwards to treat the surface with a coat of tarvia.

In the real estate transfers will be found the splendid gift of Mrs. Gibbs to Mt. Vernon school district of seven acres of land adjoining the west side school. This will enlarge the grounds to ten acres, giving ample room for play grounds, athletic field, etc. A movement is now on foot to sell the present high school building and lot, which could be done at a profit over its cost, and use the money and an additional \$9000 in fitting up the westside building for the high school and improving the grounds. It is proposed to build an addition to the westside building and put a gymnasium in the basement. This would enable the district to receive many more outside pupils than at present.—Lawrence Chieftain.

TIGER BASEBALL TEAM WON 14 OF 16 GAMES

Although the Missouri Valley baseball championship has not been finally decided, the University of Missouri team is sure of being for the valley title. If Kansas loses a game of those remaining on her schedule, the championship will go to Missouri. The Tigers lost only two games of the sixteen played. Both were to Kansas. The Tigers won two games from the Jayhawkers. Other teams defeated were Oklahoma, Kansas Aggies, Westminster college, Central college and Iowa State College at Ames.

"CHAMBERLAIN'S TABLETS DID WONDERS FOR ME"

"I have been a sufferer from stomach trouble for a number of years, and although I have used a great number of remedies recommended for this complaint, Chamberlain's Tablets is the first medicine that has given me positive and lasting relief," writes Mrs. Anna Kadin, Spencerport, N. Y. "Chamberlain's Tablets have done wonders for me and I value them very highly." Obtainable everywhere.

RAILWAY MAGNATE HILL DIES AT ST. PAUL

Two Operations Were Performed in an Effort to Save Life of Railroad Man.

St. Paul, Minn., May 29 (2:15 p. m.)—James J. Hill, railroad magnate, died at 10 o'clock this morning, following two operations that were performed in an effort to save his life.

The celebrated surgeons, the Mayo brothers, were rushed to St. Paul by a special train from Rochester, Minn.

STRAWBERRY SHIPMENTS.

The Ozark Fruit Growers Association sold from the Monnett office 41 car loads of strawberries, Saturday and 60 cars, Sunday. The shipment yesterday, was the largest Sunday shipment they ever have made. Owing to Decoration Day this week, the prices will remain stationary until the last of the week when they will probably be better.

The Ozark shipments Saturday were Monnett, 2; Logan, 3; Peirce City, 4; Marionville, 1; Sarcoux, 3; Butterfield, 3; Wayne, 1; Billings, 1; Republic, 2 and Garfield, 1; total 21 out of Monnett district. The Sunday shipments were Monnett, 3; Sarcoux, 6; Peirce City, 7; Logan, 2; Marionville, 1; Garfield, 1; Carthage, 1; Butterfield, 4; Avoca, 1 and Republic, 2; total from Monnett district, 28.

The Southwest Fruit Growers' Union shipped out 11 cars of the berries Saturday. Wheaton shipped 2; Verona, 1; Monnett, 4, and Purdy, 1. On Sunday they shipped four cars from Monnett and one each from Verona, Wheaton and Purdy.

The Monnett Fruit Growers Association of which F. B. Spilman is secretary has shipped up to this time 29 cars of the berries. Last season the total shipments of this association amounted to 48 carloads.

CELEBRATES NINTH BIRTHDAY

Mrs. W. O. Welsh gave a party Saturday for her son, Carl, who was nine years old that day. After enjoying games, icecream and cake were served. Carl received a number of beautiful presents.

Those present were: Lawrence and Lillian Hoover, Oliver Shaffer, Carl and Paul Pitts, Helen, Blanche and Mary Gillioz, Ruth Sater, Harold Donlavy, Martha Ellis, Allen and Maurice Burke, Hubert and Loraine Adams, Octavia Hale, Clifford and Roland Ellis, Enid Clarke, Wayne and Millicent Lewis, Mildred and Nelson Hastings, Pauline and Opal McCracken.

BERRY SEASON OPENS WITH RUSH

Car lot shipments of strawberries began last Monday, a few days behind the time originally predicted by the growers. The shipment for the first day was three cars. It would have been five but for a shortage of cars. Five cars were sent out Tuesday and on Wednesday the number rose to seven. It was estimated that five would be shipped yesterday. Express shipments have been going out at the rate of about 200 crates a day, so about three carloads have been sent on by this method. If weather conditions continue favorable the first week of carload shipments should end with a total of something like 40 cars.

Prices opened at about \$2 a crate, which is considered good, considering the large amount of fruit on the market at this time.

The absorbing topic among growers is the leaf roller, an insect pest which is causing some damage to fields by folding the leaf and exposing the berries to the sun. Next in importance is the weather. Given sunshine and moisture, the berry crop is expected to run far above the average. Those who estimated a total shipment of 200 cars, however, have modified their prediction and now place the total at about 150. This will be about 50 cars above the average shipment for one season.—Sarcoux Record.

DEATH OF MRS. ANDERSON

The funeral of Mrs. Eliza Beal Anderson, a pioneer Greene county woman, who died yesterday noon, at her home in Republic, will be held in the Methodist church at that place this afternoon. Interment will be in the Republic cemetery. Mrs. Anderson, who was 73 years old, was born in Greene county in 1843 and was married when but eighteen years old to Captain George T. Beal, a prominent resident of the county. He died a number of years ago and the widow married Charles H. Anderson of Republic, who survives her. The surviving children of the decedent are: Dr. E. L. Beal, of Republic; Colon Beal, of Republic; and Mrs. Nettie Decker, of Kellogg, Idaho.—Springfield Republican.

FORTY-TWO INDICTMENTS

Mt. Vernon, May 26.—After a session of ten days the grand jury for the May term of circuit court has adjourned, finding forty-two true bills and making a short report to the court on the conditions of the court house, jail and county farm. It is believed that a majority of the indictments are for tax-dodging.

\$1,000,000 FOR RELIEF

Rockefeller Donates to Help Destitute in Stricken Countries

New York May 26.—The Rockefeller foundation announced late today that it had appropriated \$1,000,000 for war relief in Poland, Serbia, Montenegro and Albania.

Proceedings now are under way to conclude an agreement between Germany and Great Britain for the feeding of the destitute people in the countries named, and the Rockefeller gift was made so that prompt advantage could be taken in pouring a stream of food into the needy provinces. Polish relief agencies also will co-operate financially at the work.

RUNAWAY TEAM RUNS INTO AUTOMOBILE

Elbert Cox's team became untied, Thursday evening, and ran down Fifth street. At the intersection of Fifth and Broadway they ran into a car run by Floyd Callaway, and one horse broke its leg. The wind shield and fender of the car were broken.

The accident was unavoidable. The car was coming slowly up Broadway from the east. At the Fifth street crossing strawberry wagons were lined up on one side and other rigs were on the other side. The occupants of the car could not tell which course the runaways would take and could not dodge them.

The team ran up into the car and the occupants were lucky to escape without injury.

The horse which broke its leg had to be killed. Mr. Cox says his team was tied and that some one must have turned them loose.

BERRY SHIPMENTS

The Monnett office of the Ozark Fruit Growers' Association sold 51 car loads of berries from the district, Thursday. The price was \$1.75.

Monnett district shipped 24 cars as follows: Monnett, 3; Peirce City, 4; Logan, 2; Billings, 1; Butterfield, 5; Sarcoux, 3; Garfield, 1; Wayne, 1; Republic, 2; Avoca, 1; Leslie, 1.

The Neosho and Decatur Districts shipped 27 cars.

The Ozark people are sending berries to Toronto, Calgary and Alberta, Canada, as well as other northern markets.

PEIRCE CITY NEWS

Miss Anna Wiley was visiting friends in Monnett, Tuesday.

G. H. Schoen of St. Louis was here the first of the week visiting his father, William Schoen, and son, Erhardt Schoen. He returned home Monday night.

Nine cars of strawberries have been shipped out from here up to Wednesday night.

Miss Pansy Smith, who has been visiting her grandparents at Omaha, Neb., for several weeks, has returned to her home in Peirce City.

Squire D. Wilkerson of Monnett was here Saturday morning visiting his sister, Mrs. Woodward and family.

William Buchner and Harold Woolford were in Monnett, Sunday evening, rumor says, visiting some of the young ladies of that city.

Frank J. Burrows and wife, who have been spending the winter in the South along the Gulf Coast of Florida, came in the first of the week and will spend a couple of weeks here visiting her mother, Mrs. Nellie LeGrande, after which they will go to Des Moines, Iowa, for the summer.—Leader.

GOOD ROAD WORK

It seems the road district on Kings Prairie is usually successful in securing commissioners who build for them good roads, but it has been exceptionally lucky in securing T. F. Jackson to build roads for them this year. He is doing the best work that has ever been done on the Prairie and too he is doing the work right when it should be done, as the work should not be postponed until fall. When you pass Mr. Jackson on the road you'll find him using every effort to induce the people to follow Mr. Henry's instructions in keeping the center of the road. When the special road district does some much-needed work on the south side this section will be in good shape. ***

FLAT WOODS

We are having some weather at present.

Everyone is busy picking berries. Mrs. Jake McCraw and Mrs. Fred Edwards visited Mrs. George Lowery Wednesday evening.

Miss Floss Edwards returned home from Monnett Tuesday evening where she has been attending school.

Mr. and Mrs. Ernest Williams of Granby visited at Elzy Henderson's Tuesday morning.

Mr. and Mrs. Newton Henderson and son Hershel of Monnett attended church at Salem Sunday and took dinner with Mrs. Henderson's mother.

Elzy Henderson, wife and children visited Mrs. Henderson's parents, Sunday.

Miss Lora Hemphill is staying at Allie Hemphill's this week picking berries.

SUNFLOWER.

LIGHTNING CAUSES DAMAGE IN THIS VICINITY

Horse Driven to Buggy by Ed Stelwagen Struck and Killed.—Stelwagen Knocked Unconscious.

On Saturday evening there was a severe electrical storm in this vicinity and lightning struck in several places.

Ed Stelwagen of north of town was driving home in a buggy during the storm, and as he passed across a small branch his horse was struck by lightning and killed. Mr. Stelwagen was stunned. He was discovered sitting in his buggy in the stream by Richard Brockschmidt, with the dead horse still hitched to the buggy.

Mr. Stelwagen soon revived, but was totally deaf for some time afterward.

About the same time John Mulkey's barn was struck by lightning. Strawberry pickers went to his assistance, and the barn was saved.

Did you ever hear of a well being moved? A well situated on the bluffs that have been sliding toward the Missouri Pacific tracks in the lower yards, near the Kerford rock crusher, has moved twenty feet with the slide since last Monday, but remains in good condition, and is being used regularly. Changing location has not harmed the rock walls of the well, or diminished the supply of water. The well is now about sixty feet from the Missouri Pacific tracks, which are well toward the bottom of the bluff. It has been explained to a reporter that the river bluff at the Kerford quarry rests on a strata of soapstone, which forms an incline of about forty-five degrees, and that the slide is caused by heavy rains soaking through the soapstone surface which becomes very slippery when damp and permits the bluff to slide toward the Missouri river. In other words, the present trouble down there is due more to defective drainage on the hillside than to the encroachments of the Missouri River.—Atchison (Kan.) Globe.

FATHER MUST GIVE UP BRIDE

Mt. Vernon, Mo., May 26.—Acting on a petition by the husband, Judge Carr McNatt of the Lawrence county circuit court ordered Mrs. Myrtle Scritchfield released from the alleged unlawful restraint of her father and returned to her husband, Jas. Scritchfield. The couple was married here on April 7 and lived together for three days, the father, Charles Ransie, persuading the daughter to return to her home, since which time he was alleged to have kept her against her wishes.

STRAWBERRY SHIPMENTS

The Ozark Fruit Growers Association of Monnett District sold 29 cars of strawberries, Friday. Monnett shipped 3; Peirce City, 6; Butterfield, 6; Marionville, 1; Sarcoux, 4; Logan, 2; Republic, 2; Billings, 1; Carthage, 2; Garfield, 1 and Avoca, 1. The Neosho and Decatur Districts shipped 26 car loads. The price remains the same.

The Southwest Missouri Fruit Growers Union report the shipment of 14 cars of strawberries, Friday. They shipped from Monnett, 6; Wheaton, 2; Verona, 2 and Purdy, 4. Prices are the same today but they hope for an increase in a few days as the Southern berries will then be off the market.

HOW TO KEEP YOUR CAR FROM BEING STOLEN

"Many little things can be done to an automobile," says a writer in Farm and Fireside, "to prevent a thief from running away with it, yet owners take surprisingly few precautions to prevent theft or joy-riding.

"Always disconnect the ignition system or lock the gear lever. It is a good plan never to leave the car in an alley or inconspicuous side street. A record should be made of the factory number, and any little peculiarities of the car, as well as the style and make of the different tires. More cars are stolen at night in large crowds and while the owner is at the theatre than at any other time.

"If you can arrange to short-circuit the ignition system or the starting system in an unusual way, it will puzzle the thief and probably frustrate the attempt."

VERONA NEWS

Born to Mr. and Mrs. Chas. Hillhouse May 22nd a girl.

Mr. and Mrs. E. R. Porter of Paden, Ok., are visiting their parents.

The Lawrence-Stone County Medical Association will meet in Verona, Tuesday, June 6.

Several black bass were placed in Spring river here last week. Those who put them in say that it is useless to try to stock up though if the seine is used.

Mr. and Mrs. Pleas Richardson came over from Mt. Vernon Wednesday. Mr. Richardson left on the evening train for Springfield to visit his father who is reported very low. Mrs. Richardson visited until Thursday.—Advocate.
